

OLIVER & ARY

CONCEPT ART: KVRO

For Oliver's design, we really wanted to focus on keeping the elements that made Oliver's design as unique and appealing as it is.

We focused heavily on keeping his design aspects but updating them to give him a slightly more mature appearance. After all, he's been a VOCALOID for 10 years now. It's likely that he's wanted to update his style a bit.

FUN FACT

Out of all the Vocarnival 2021 designs, Oliver's took the longest. It was a real challenge finding the perfect balance between an updated design and keeping everything that makes Oliver who he is. It was really fun designing him, though!
